

## WES PTA 2015-2016 Student Directory

Please help us create a complete digital student directory for the personal use of WES families. The PTA Directory is voluntary, and SEPARATE from any information the school collects about your student. The PTA Directory is most often used to distribute party invites and arrange playdates with classmates.

The directory is distributed by e-mail only to those individuals who include an e-mail. The directory will NOT be posted on our website or Facebook pages. You may elect to include as much information as you choose.
